

Introducing the NEW MFP - Paper Draw Locking System

MDS/PDL - Paper Draw Lock fits most copiers and MFPs. Protect against unauthorized access to your paper stock with the MDS/PDL - Paper Draw Lock.

The paper draw lock is a very convenient and low cost solution to paper draw / tray security. The front cover removes easily for tray access by authorized users only! The PDL mount in minutes to your equipment - no tools required.

If you have a requirement to secure your paper from theft; the PDL is the answer! In multiple draw installations MDS can even provide a common key for all of your locks; thus making managing your fleet quite efficient. For more information contact MDS TODAY!
